Reference Notes

DO NOT:

✕ **Do NOT induce vomiting** unless specifically directed by the Poison Information Center (04-7771900) or a physician.
✕ **Do NOT give food or drink** unless directed by medical professionals (exception: water/milk for conscious patients who ingested caustic substances).
✕ **Do NOT attempt to neutralise the poison** (e.g., giving acid for base ingestion or vice versa).
✕ **Do NOT use home remedies** (salt water, mustard, raw eggs, etc.).
✕ **Do NOT give activated charcoal** without medical direction.
✕ **Do NOT enter a confined space** with potential toxic fumes without proper protection.
✕ **Do NOT delay calling for help** — even mild symptoms can deteriorate rapidly.
✕ **Do NOT administer antidotes** — this is a hospital-level intervention only.
✕ **Do NOT leave the patient alone.**

Equipment needed:

— Gloves (to protect against contamination)
— Running water source (for skin or eye decontamination)
