Airway and Continued Monitoring

Child found in vehicle

Temperatures inside a locked car in Israeli summer can reach 70 C.
REMOVE the child from the vehicle immediately – break the window if necessary.
Report to MDA that the child was found in a vehicle, including estimated time of exposure.

Reference Notes

DO NOT:

✕ **Do NOT give fever-reducing medications** (Acamol, Nurofen, naproxen) — these do not reduce heatstroke temperature and may cause harm.
✕ **Do NOT use ice-cold water immersion** for young children without medical supervision.
✕ **Do NOT force fluids** if the child is vomiting or has altered consciousness.
✕ **Do NOT leave the child unattended** at any point.
✕ **Do NOT give fluids to an unconscious child.**
✕ **Do NOT delay calling 101** if heat stroke is suspected.
✕ **Do NOT leave a child unattended in a vehicle** — even for a moment, even with windows open or A/C running.

Equipment needed:

— Cool water (for pouring or spraying over the body)
— Fan or means of fanning
— Ice packs or cold wet cloths
— Oral rehydration solution (ORS) or cool drinking water
— Thermometer (if available)

Hebrew Terminology — מונחים בעברית

English	עברית	Pronunciation
Heatstroke	מכת חום	ma-KAT KHOM
